

THE BUSY FISCAL COURT

At Meeting Tuesday Received
3,243 Yards Of New
Pike.

SUBSCRIBERS MUST PAY UP.

Sheep-Killing Dogs Got Away
With \$730 Worth
Of Sheep.

The Fiscal Court held its monthly meeting last Tuesday, and while they did not continue in session long, a great deal of important business was transacted.

About 3,243 yards of new turnpike were received. An order was made that the sheriff shall proceed at once to collect all subscriptions made by farmers, now due, for the improvement of different roads. The work of general road improvement is to be pushed as rapidly as possible before the beginning of bad weather.

An allowance was made for repairing the Johnson Mill bridge.

The court discussed the proposition as to building a bridge at Brushy Fork, on the Palestine road, and arrived at the conclusion that it should be built as soon as possible.

A contract was let to the Champion Bridge Company for repairing the Greenville bridge, about two and a half miles from the city.

Persons can form an idea as to what damage dogs are doing in the State from the allowance made Tuesday by the Fiscal Court. The sum of \$730.50 was allowed for sheep killed by dogs. This covers what loss farmers have sustained in nine months by the depredations of dogs, and there is no reason for believing that there will be any change for the better during the three months to follow, which completes the calendar year. At the same proportion by the first of January the total amount will be close to \$1,000. This is certainly a great loss and the taxpayers have to pay it. If half the counties in the State lose at the same rate we might as well stop raising sheep altogether. The dog law amended by our last legislature was a great blunder, to say the least of it.

An allowance of \$650 was made to be used by the county poor commissioner.

The court agreed to pay its apportionment of about \$180 for the bitulithic street in front of the court house, as other property owners pay.

THE CADILLAC COMPANY

Incorporated With \$10,000
Capital Stock.

Articles incorporating the Hopkinsville Cadillac company were filed in the office of the county clerk Monday afternoon. The capital stock is \$10,000 divided into shares of \$100 each. The indebtedness is never to exceed the capital stock. The incorporators are R. E. Cooper, T. W. Blakey, Odie Davis, Richard Leavell and E. G. Peterson, who will be manager.

The company will occupy the new garage in the Pennyroyal block and handle Cadillac cars, which already has 15 cars in use here.

One Killed, Many Hurt.

Nashville, Tenn., Oct. 2.—Express Messenger, Sam N. Chilton of Springfield, was burned to death and a score of passengers injured when train No. 7 on the Louisville and Nashville road was wrecked near Athens, Ala., early Monday. Eight coaches were completely destroyed.

CONFERENCE ADJOURNS

No Changes Have Been Made
In the Assignments for
Hopkinsville.

THE DISTRICT APPOINTMENTS

Dr. Kasey and Dr. Lyon are
Both Returned to Their
Charges Here.

After a most delightful, interesting and profitable meeting the sixty-seventh session of the Louisville Annual Conference of the Methodist Episcopal Church, South, came to a close Tuesday about half past twelve o'clock. Bishop McCoy presided.

The appointments were made Monday, those for the Hopkinsville district being here given: Presiding Elder, R. F. Hayes; Cadiz—F. M. Petty; Cadiz Circuit—R. C. Bogard; Cerulean—B. L. Yates; Crofton—J. S. Mitchell; Dawson—J. F. Baker; Eddyville—P. C. Duval; Eddyville—B. E. Martin; Elkton—Arthur Mather; Elkton Circuit—G. W. Shugart; Elkton Mission—Mack Harper; Grand Rivers—A. C. Gentle; Hopkinsville—A. R. Kasey; Hopkinsville Circuit—G. W. Lyon; Kuttawa—Joseph F. Scheffelin; Lafayette—J. H. Richardson; Linton—A. D. Davis; Nortonville—S. M. Bailey; Pembroke—L. Hulse; Pisgah—R. S. Richardson; Princeton—W. C. Brandon; Salem—R. E. Bailey; Smithland—J. M. Page; Smithland Circuit—F. A. Garland; Trenton—A. D. Litchfield.

Rev. J. O. Smithson is sent to Leitchfield, Rev. W. F. Cashman to Russellville and Rev. J. T. Rushing is still presiding elder of the Elizabethtown district.

THREE KILLED.

Lieut. Morrison Had Proven
His Heroism On a Perilous Occasion.

Washington, Oct. 2.—Lieutenant Donald H. Morrison, who was killed Monday in the explosion aboard the torpedo boat destroyer Walke, at Newport, met death on the day a letter was addressed to him by the acting secretary of the navy, commending his courageous action in jumping overboard from the Walke on the night of September 22 last and rescuing from drowning an enlisted man of his crew. Besides his mother, Lieutenant Morrison is survived by a bride of a year. He was born in Missouri twenty-five years ago, and after attending Washington school, was appointed to the naval academy in 1902. He has been on duty on the Walke since last June. The explosion of the forward end of the port turbine and the steam chest on the torpedo boat instantly killed Lieut. Morrison, the chief engineer, and wounded eight others, two of whom, J. W. Camp and H. L. Wilder, both machinists' mates of the first class, died last night on the hospital ship Solace.

BRIDGE CONTRACT

In Davidson County, Tenn.,
Awarded to Local Firm.

The Meacham Contracting Co. has closed a contract for a concrete-steel bridge over Mill creek in Davidson county, Tenn., approximately 150 feet in length. This work will be handled by their Nashville organization, which at present is building the masonry on the new L. & N. line out of Nashville.

The same company has also closed several contracts for concrete work in Elkton, Madisonville and Crofton.

REGISTRATION 20 PER CENT OFF

Total of 1672 Against 2086 Last Year---276 Women Take a
Hand---Democrats are Well Satisfied With the
Showing Made So Far.

The registration Tuesday was 1672 which is 237 short of the final registration last year when 1165 white and 744 colored voters were on the books. The party affiliation is 742 Democrats, 830 Republicans, 92 Independents and 8 Progressives. Last year there were 830 Democrats, 880 Republicans and 197 Independents.

The table below shows the vote in detail for both men and women:

Women Voters

For the first time women registered to vote in school elections, although it was not required in the elections for city School trustees. They will, however, be eligible to vote in the primary to nominate a county school superintendent next August. Very few of the women stated any party affiliation, and some who did classed themselves as Independents. The table above shows the registration in detail, and following are the names of the 85 white women who registered:

IN LARGER QUARTERS

West Kentucky Orphans' Home
Moved to West Place
October 1.

LARGE AND ROOMY PLACE.

Is a Much Better Location In
Every Way For the
Home.

The Orphan's Home has removed from the cottage on Cleveland Avenue to the big two-story house known as the W. H. West place at No. 849 West 7th Street. This is an ideal situation and the building is well adapted to the purpose. It ought to stir our people to action to know that the institution is being compelled to somewhat curtailing operations in order to keep expenses as nearly within the limits of receipts as possible. The past two months have each shown a deficit of about fifty dollars. Many of our citizens have yet given no aid and should do so promptly. Mr. Humphrey also needs additional furniture for the larger house.

46 ALLEGED DYNAMITERS

Were Placed On Trial This
Week At Indianapolis
Indiana.

ORTIE MC MANIGAL IS THERE

Pleads Guilty When Arraigned,
Which Makes Him Available
As Government Witness.

The trial of 46 dynamite cases was begun at Indianapolis Monday. The list headed by Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers, was reduced to forty-six. The government withdrew the charges against three men, and another defendant was absent because of a broken leg. Ortie McManigal pleaded guilty and another defendant was reported "not found." John J. and James B. McNamara, serving terms in a prison in California, also were reported "not found." All will be tried together and a jury is now being empaneled.

DAN CUPID IS GETTING BUSY

Half Dozen Couples Already
Preparing for Early
Marriages.

TALKING OF TROUSSEAUS.

Before The Leaves Are Gone
Many Hearts Will Be Made
Happy.

There are indications that this will be a busy month for Cupid. Nearly half a dozen city couples are already mentioned as having set the time for being united in marriage. The brides-to-be are all prominent in society circles while the prospective grooms are well known in business and one of them is a member of one of the professions. Gossip has it that the nuptials of two of the to-be-brides are so near at hand that they will go to Louisville in a few days to arrange for their trousseaus. It is quite evident that Cupid has determined to get busy now that his vacation is over and before the trees have shed their dead foliage many hearts will be made happy at Hymen's altar.

The month started off by license being issued to James C. Samples and Miss Jeannette Major on the first day of the month.

Newspaper Office Wrecked.

The building occupied by the News Democrat was wrecked Saturday night by the explosion of a steam table in the press room. Employees were in ten feet of the table, and escaped with minor injuries. The damage was very heavy. The Evening Sun plant was placed at the disposal of the News Democrat.

TO TAKE OVER THE TENNESSEE CENTRAL

Rumors In Railroad Circles Say
That I. C. Is To Have
New Line.

Memphis, Tenn., Sept. 30.—Reports circulated in railroad circles Friday were to the effect that the Illinois Central Railroad company was making an effort to secure control of the Tennessee Central from Hopkinsville, Ky., to Harriman, Tenn., and would eventually enter Knoxville, Tenn., in competition with the Louisville and Nashville and the Southern railway companies. It is said that the Illinois Central has secured options on ground in Knoxville and will build passenger and freight depots.

COLE BLEASE WINS

Is Declared the Nominee for
Governor in South Carolina.

Columbia, S. C., Oct. 2.—Gov. Cole L. Blease today was declared the democratic nominee for governor by the state executive committee, after a subcommittee had reported that its investigation of the recent primary had disclosed irregularities in voting, but not sufficient to affect the result.

McLEAN HAS OPENED

With Fine Prospects Of a Most
Successful Session.

NEW HALL IS A BEAUTY.

Impressive Exercises Marked
the Opening Session Tuesday
Morning.

McLean College began Tuesday morning the sixty-fourth annual session. The day was perfect as to weather and the representatives of the college and community who assembled in the new Rash building were numerous and full of happy enthusiasm. President Kuykendall and Prof. H. Clay Smith were jointly in charge of the exercises. Both made felicitous talks. Mrs. Foster was the leader of the music and Miss Fallansby who has, first and last, been for years a member of the McLean faculty, was again in her old place at the organ. Short and appropriate addresses were made by Mr. Oscar Wright, Mr. T. L. Metcalfe, Mr. G. L. Campbell, Mrs. Kate Young, Prof. Foster, Rev. T. T. Roberts and Rev. H. D. Smith. Prof. Smith read a portion of scripture and commented upon it in his own happy way and Secretary Roberts led in prayer. The closing prayer was made by Rev. H. D. Smith.

The new teachers on the platform Tuesday were Mrs. R. A. Field, teacher of Domestic Science, Miss Morton, Lady Principal; Miss Mildred Payne, Teacher of Art, and Miss Corinne Parrent, Teacher of Expression.

The new building exceeds in its beauty and convenience the expectations of many sanguine friends of the fine old school. It is one of the most modern of school buildings. Especially noteworthy and very surprising is the stage of progress reached in so short a time in the construction of this great house. Indeed more rooms of all sorts are ready for occupancy than the old Rash Hall contained. The rooms which remain unfinished, while very desirable for the purpose of the enlarged program which the college has adopted are not at all necessary to the satisfactory conduct of the fall term. However, it is expected that the workmen will be able to leave the premises entirely within a few days.

Great credit is due many persons for this astounding recovery of an historic institution from a great calamity. This recovery is taken as an augury of good to her, a promise of continued and increasing power in her fair field of Christian culture.

Perhaps never before in their long and splendid commercial career have The Forbes Manufacturing Company displayed such consideration and energy as they have invested in this noble structure with which anew the college hill is crowned.

Classification of pupils was in progress yesterday and regular work will be the order from now on.

Almost A Miracle.

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Tex., was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 lbs. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. The Danger After Grip

lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of Grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by All Druggists.

A Matter of Assurance.

"Some of your speeches," said the central friend, "make me think of a mathematical marvel I once knew." "What way?" "He would dispose of any problem you gave him. Nobody in the crowd was able to say whether he got the right answer, and it really didn't seem to make much difference, anyhow."

WAS GOLDEN AGE OF BEARD

In Reign of Henry IV. of France Face Follicle Was Given Full Sway.

The reign of Henry IV. of France was the golden age of beards, for at that time of day quite as much attention was paid to them as to the dressing of the hair of both sexes. Beards were clipped in all manner of fashions—round, square, pointed, fan-shaped, and after the fashion of an artichoke leaf. Unfortunately, when the craze for beards of all shapes and sizes was at its height, Louis XIII., who was then a child, came to the throne and the beard had to go in honor of the hairless chin of the new monarch. Soon afterwards the tuft, or toupee, which is still so fashionable across the Channel, came into vogue. But no European nation has ever held the beard in greater veneration than the Spaniards, who at one time of day had a proverb which declared the absence of beard to signify the loss of a man's soul. Spain must have been one of the last of European countries to tolerate the razor.

WORLD'S LARGEST CANDLE.

The making of an ordinary domestic wax or tallow candle is sufficiently wonderful to the lay mind to excite comment, but a candle has lately been lighted in Rome that is eleven feet three inches in height and will burn for six years.

In various places of worship candles are used in their symbolic sense, candles of vast proportions, but the one in question is a giant of its clan. The first step in the making of this mammoth candle was to construct the wick, a wick that would burn clearly and cleanly and need no snuffing.

Suspended by a derrick over a vat of boiling wax, the wick was dipped no fewer than two hundred times, till the required quantity of wax adhered to it, and between each dip the wax picked up had to dry off.

SOUGHT RECREATION IN TOIL

Great Men of the Past Whom History
Records as Proficient in Ag-
riculture.

The great men among the an-
cients understood very well how to
reconcile manual labor with the af-
fairs of state, and thought it no les-
sening to their dignity to make the
one the recreation to the other.

That, indeed, which seems most
generally to have employed and di-
verted their spare hours was agricul-
ture. Gideon among the Jews was
taken from threshing, as well as Cin-
cinnatus amongst the Romans from
the plow, to command the armies of
their countries against the enemies;
and 'tis plain their dexterous hand-
ling of the flail or the plow, and
being good workmen with these
tools, did not hinder their skill in
arms, nor make them less able in the
arts of war and government. They
were great captains and statesmen
as well as husbandmen.

Cato Major, who had with great
reputation borne all the great offices
of the commonwealth, has left us an
evidence under his own hand, how
much he was versed in country af-
fairs; and, as I remember, Cyrus
thought gardening so little beneath
the dignity and grandeur of a throne
that he showed Xenophon a large
field of fruit trees all of his own
planting. The records of antiquity,
both among the Jews and Gentiles,
are full of instances of this kind, if
it were necessary to recommend use-
ful recreations by examples.—John
Locke.

WILL LECTURE IN OREGON.

Miss Birdie Wise, who won the
Falling prize of \$150 in the recent
annual oratorical contest at the Uni-
versity of Oregon, has agreed to de-
liver her oration throughout the
state during the summer. She was
a member of the graduating class of
the university, is the president of
the University of Oregon chapter of
the College of Equal Suffrage, and
selected woman suffrage for her sub-
ject.

The other prize offered in the con-
test, the Beckman prize of \$100, was
also won by a woman.

AN APPOINTMENT.

I had an appointment with a man
and he broke it, for reasons more or
less inadequate. It was hot and I
was tired and the man was in a
motor car somewhere between here
and heaven. Horace Mann spoke
somewhat decisively on this subject.
He said: "Unfaithfulness in keep-
ing an appointment is an act of clear
dishonesty. You might as well bor-
row a man's money as his time." This
sounds a little like malice to-
ward all and charity for none. But
that's the way I felt when I walked
out of the man's office and came
stewing up in the subway.

DECLINED.

Teacher—Now, children, which
one of you can decline the word
sick?
Lizzie (in a tragic voice)—Sick,
worse, dead.—Judge.

The readers of this paper will be
pleased to learn that there is at least one
dreaded disease that science has been
able to cure in all its stages, and that is
Catarrh. Hall's Catarrh Cure is the only
positive cure now known to the medical
fraternity. Catarrh being a constitutional
disease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken in-
ternally, acting directly upon the blood
and mucous surfaces of the system, there-
by destroying the foundation of the dis-
ease, and giving the patient strength by
building up the constitution and assisting
nature in doing its work. The proprietors
have so much faith in its curative pow-
ers that they offer One Hundred Dollars
for any case that it fails to cure. Send

Hunters To Be Prosecuted.

Professional hunters, who have
been killing birds in Kentucky for
markets in other states, are to be
prosecuted by federal grand juries
in Kentucky this fall. The game
and fish commission at its last meet-
ing announced the information from
Washington that the federal fish and
game department has collected evi-
dence against more than forty such
hunters in various parts of the State
sufficient to indict and convict them
under the Lacey bird and animal act.
This law prohibits the shipment of
game out of states, in which their
sale is prohibited.

GALBREATH

JURY FOUND

In A Venire Summoned
From County of
Todd.

TRIAL IN PROGRESS.

Case Will Be Hard Fought
With Many Attorneys.

A venire of jurors summoned from Todd county appeared in Circuit Court yesterday morning and a jury in the second trial of Jno. B. Galbreath, charged with the embezzlement of funds of the Acme Mill, was made up with but little delay. The jury is as follows:

J. W. Crawford, B. S. Scott, J. D. Jolly, R. A. Adams, J. M. Tress, C. E. Wright, W. A. L. Mobley, W. I. Moore, T. E. Crawford, R. M. Shanklin, G. N. Latham, G. L. Salmon.

The jurors are mostly farmers and are almost total strangers here. They were summoned from all over Todd county by Sheriff Johnson and Deputy Herbert Johnson. Only 35 of a venire of 100 were called.

Trial was at once entered into with Geo. D. Dalton as the first witness. The testimony will occupy several days, much of it being tedious and prolonged. The case has a strong array of legal talent on both sides and will be hard fought. C. H. Bush, Jas. Breathitt, and Downer & Russell represent the defense and Trimble & Bell are assisting the prosecution.

The World Do Move.

Jesse R. Grant, a son of Gen. U. S. Grant, is for Wilson and has been appointed a member of the finance committee of the New York Democratic state committee.

Mr. Quarles Out Again.

Mr. F. M. Quarles, who had been very ill at his home a few miles east of the city for several months, is now convalescent. He spent a short while in the city yesterday.

Not Too Old.

An attempt to superannuate Dr. J. W. Lewis, of Bowling Green, was made at Morganfield, but the motion was tabled after Dr. Lewis had vigorously protested.

The Athenaeum.

The October meeting of the Athenaeum will be held at Hotel Latham to-night at 7 o'clock. Those on the program are: H. W. Linton and L. H. Davis.

FOR THE GENUINE NUT FUDGE

Ingredients Used in This Delicious Confection That Has So Many Devoted Admirers.

Take two cupsful of sugar, one large breakfast cupful of milk, one rounding tablespoonful of butter, a quarter of a teaspoonful of cream of tartar, vanilla, or any other flavor, three ounces of plain or glace fruits, or both mixed, or one and one-half to two ounces of dissolved sweetened chocolate. Put sugar, cream of tartar, milk and butter in pan and dissolve, stirring carefully all the time with thermometer. Boil to 23 degrees Fahrenheit, then remove pan to table and cool for five minutes. Then add the chopped nuts and glace fruit and flavor to taste. Then stir in the fondant worked with finger tips to a thin, pliable sheet. When thoroughly mixed and beginning to grain, pour into buttered tin or into a wax paper on a board. Make batch half an inch thick. When set, cut in bars or squares and wrap in wax paper. For chocolate fudge, instead of the fruits, stir in from one to two ounces, according to your taste, of unsweetened chocolate, which you have dissolved in a small pan over a gentle heat.

Smile.

There is no "thank you" genuine without the signature of a smile.—Columbus (O.) State Journal.

Attractions.

WILL BE GREAT EVENT

The Hopkinsville Young People Are Going In Force.

Manager Bleach, of The Garrick Theatre, Madisonville, when tickets were put on sale last Tuesday for the opening of the new house of amusement tomorrow night reserved a number of tickets for Hopkinsville people. He sent these tickets to L. L. Elgin for sale. The tickets for the best part of the house were taken as fast as they could be checked off, but few remaining in hand when night came on. Of course that had nothing to do with the block set aside for the Hopkinsville delegation. If you want to get your tickets for reserved seats go to Elgin's drug store at once and secure them.

In addition to those composing Miss Sarah Cooper's box party there will be a crowd of others who are going down to attend the Elk's ball as well as to see the opening play, "The Yankee Girl."

PURELY PERSONAL.

Mrs. George Boddie and Miss Martha Rivers Boddie have returned from an extended stay in Hopkinsville, Ky.—Nashville Banner.

W. T. Tandy and Thos. W. Long are in Louisville attending the Bankers' convention.

Mrs. J. T. Glenn, of Scottsville, is visiting her daughter, Mrs. W. A. Davis.

Mrs. Jno. W. Cowherd, of Cadiz, is visiting Mrs. Will Kimmons.

Mrs. Barksdale Hamlett, of Frankfort, is visiting Mrs. W. A. Radford.

Disputed By John Bible.

Chicago, Sept. 30.—Mayor Carter H. Harrison, of Chicago, according to telegrams received here, has shot the largest bull moose ever killed in the province of Quebec. The moose was found on Lake Marie, 140 miles north of the city of Quebec.

Rives-Pinson.

Dr. and Mrs. Pinson announce the engagement and approaching marriage of their daughter, May, to Mr. John Lewis Rives, of Hopkinsville, Ky. The wedding will be celebrated, on Monday, Nov. 18th.—Paris (Tex.) Morning News.

Shakespeare Club.

The Shakespeare Club will meet during October with Mrs. W. D. Cooper. The month's work will begin with "Much Ado About Nothing," led by Misses Sarah Cooper and Jean McKee.

In Court of Appeals.

L & N R. R. Company vs. Commonwealth, Christian; affirmed. Peaslee-Gaulbert Company vs. McMath's administrator, Christian; petition for extension and modification of opinion overruled.

In Spite Of Gray Hairs.

Knoxville, Tenn., Oct. 2.—Andy J. Hixon, aged 70, whose hair is snow white, was sentenced to death at Newport for the murder of Jesse B. Huff, who was shot and killed in Cooke county early in the spring.

In Special Session.

The Florida legislature is in extra session to act upon a proposal to amend the charter of the city of Jacksonville so as to enable that city to own and operate municipal docks and terminals.

Team Lost.

While hauling near Seebree a pair of \$400 horses belonging to C. A. Hancock, of Onton, backed a loaded wagon into the river and both horses were drowned. Mr. Hancock had a close call.

Cantrill Today.

One of the best posted men in the tobacco situation today as well as one of the finest speakers, is to address the farmers at the court house this afternoon at 1 o'clock. Mr. Cantrill is well known here as he preached association doctrine in the days when the association was blooming as the rose and prices soared high four years ago. He is a regular association evangelist and if the farmers are seeking for facts and want to learn how living prices are to be obtained they should turn out in force today. The day for action has arrived.

"MUTT AND JEFF."

New York, Chicago and Boston laughed over the absurd antics of "Mutt and Jeff" for months and everywhere it has been pronounced the best musical comedy of the season; not alone in words, but box office records have been established unapproached by any other attraction. All of this indisputable evidence of real merit in the play should appeal to you as it has to millions of other people, whom it has pleased. "Mutt and Jeff" comes to Holland's Opera House shortly.

Recital Tonight.

A recital will be given by Miss Corinne Parrent at Highland Chapel Thursday night, Oct. 3, at 7:45 for the benefit of the School.

Easy To Hit.

The U. S. recruiting office at Louisville's Tuesday enlisted Lorcey R. Henderson, a negro, of High street, Greensboro, N. C. He is twenty-one years and three months of age, stands six feet three inches in his bare feet and weighs 171½ pounds. Henderson said he joined the army to take the advantage of the opportunity to attend the army school and study.

Crossed Dead Line.

A. Dorn was killed and two others were wounded in Augusta, Ga., when they crossed the "dead line" established by the State Militia guarding street railway property. All those fired on by the soldiers were business men, it is said, who were driving out the street where the plant was located, and claim not to have known that a dead line had been established.

Todd County Fair.

The Todd County Fair will open this morning and continue three days. All the stalls on the grounds have been rented to accommodate the stock that will be exhibited. The prospects are flattering for a better fair than the one held in Elkton last year.

STILL AT LARGE.

Sheriff Lowe Johnson who, with deputy Herbert Johnson, answered a hurry call Monday to start out and look for Ed Morris for shooting Bob Kirkman, near Allegree, Todd county, failed to "get a line" on their man, and returned home that night. The sheriff said yesterday that Morris is still hiding in the bushes and there is little prospect of his being apprehended.

Two Counties Go Dry.

Muhlenberg county went dry Saturday by over 2,000 majority and Tuesday Montgomery county, (Ky.) went the same way by 905. In the latter county, the election will be contested by the "wets," who claim the call for the election was illegal, and will fight the case to the end.

MAKING POPULAR JELLY ROLL

Not a Difficult Dish to Prepare, Though Some Special Things Must Be Remembered.

Line the bottom of a very shallow pan with buttered paper, also grease the sides of the pan. Break three eggs into a bowl and beat until very, very light, adding gradually one cupful of sifted powdered sugar. Still beating hard, add alternately one-quarter of a teaspoonful of salt, two teaspoonfuls of cold water, one cupful of sifted pastry flour mixed with one scant teaspoonful of baking powder and, last of all, one tablespoonful of melted butter. Spread this mixture evenly over the buttered pan and bake about twelve minutes in a moderate oven. Immediately remove the cake from the pan, reversing it on a board. Carefully peel off the paper, moistening it with water if it sticks. Cover quickly with jelly or jam which has been warmed just enough to admit of spreading. Roll, and pin a band of paper round it until the cake is cold. Then dust the top with powdered sugar. Spreading and rolling must be done quickly, as the cake will crack if rolled after cooling.

CHINA OF BLUE AND WHITE

These Are the Fashionable Colors Just Now—Delft or Japanese Designs Desirable.

Along with the vogue of blue and white draperies and garden furniture has come the fashion for using blue and white china. For breakfast the chateaux of country homes are using plates, cups, saucers, toast racks, porridge bowls, salts and peppers of German porcelain decorated in Delft designs, and one easily carried outfit for serving breakfast in the bedroom consists of a round tray supporting a toast rack and flanked by depressions for milk, salt and pepper.

Afternoon tea sets of blue and white Japanese china are in dragon pattern. These sets, which may as well be used for breakfast as for luncheon, consist of plates in one size, cups and saucers, a sugar bowl, cream pitcher, teapot, chocolate pot, bowl for nuts or fruit and accompanying dishes, a pair of cake plates and a square shaped, good-sized clock to warn lingering guests of time's flight.

Currant Paste.
Get perfectly ripe red currants, stem, wash in cold water, drain and place in a kettle on the back of the stove, mashing so as to start the juice. When the juice flows freely, let it come to a boil and strain through a fine sieve or cloth. To one pint of juice add one pound of sugar and an inch of stick cinnamon, and when it again comes to a boil remove the cinnamon and thicken with three tablespoonfuls of rice flour, which have been dissolved in three tablespoonfuls of cold water. Stir constantly until the flour is cooked, which will require about ten minutes, then remove from the stove and pour into a dish which has been rinsed with cold water. When cold put into the ice box. Serve with cream.

Cottage Pudding.
One egg, one cup sugar, one cup sour cream, scant teaspoon soda, teaspoon baking powder, flour to suit. Dissolve soda in the sour cream. Bake in gem pans. This ought to make sixteen.

Take one gem cake to a sauce dish (for one person). Put over cake a sauce made as follows: Take one cup sugar, add water like you were going to make a syrup (only much thinner); let come to a boil; add tablespoon cornstarch or flour dissolved in a little water; flavor with lemon or vanilla. This recipe makes a very decent layer cake put together with the following filling. Filling for Cake—Seven tablespoonfuls milk and one cup sugar. Cook seven minutes; beat until cool enough for cake.

Deviled Tomatoes.
Twelve fine tomatoes, pared and sliced nearly half an inch thick, yolks of 3 hard-boiled eggs, pounded; 3 tablespoonfuls melted butter, same of vinegar, 2 raw eggs, beaten light, 1 teaspoon sugar and half as much each of made mustard and salt, a pinch of cayenne; rub butter, pounded yolks, pepper, salt, mustard and sugar together, beat hard, add vinegar and heat to a boil; put this upon the beaten eggs and whip to a smooth cream; set in hot water while you broil the tomatoes over clear coals in an oyster broiler, lay this upon a hot dish and your the scalding dressing upon them.

To Cook Cereals.
Every housewife dreads cleaning a kettle in which oatmeal or hominy has been cooked. She will, no doubt, welcome this information. First, grease the pan generously with lard and fill it with cold water. Then add the cereal. Lard prevents the cereal from adhering to the bottom and sides. The cereal forms a thin scale which may be easily removed.

Bread Bake.
One quart milk, half loaf of bread soaked very good, two well beaten eggs, half cup chopped nuts, any kind, half cup raisins, half cup currants, half cup sugar, little citron or chopped apples, pinch of salt. Grease a pudding dish and bake two hours. Very good.

Cup Cake.
One cup butter, two cups sugar, five eggs, two and one-half cups flour, one teaspoon soda, whites of eggs beaten separately; bake in patty tins.

Dumb Chills And Fever.

Douglasville, Tex.—"Five years ago I was caught in the rain at the wrong time," writes Miss Edna Rutherford, of Douglasville, "and from that time was taken with dumb chills and fevers, and suffered more than I can tell. I tried ever thing that I thought would help, and had four different doctors, but got no relief, so I began to take Cardui. Now I feel better than in many months." Cardui does one thing, and does it well. That's the secret of its 50 years of success. As a tonic there is nothing in the drug store like it. As a remedy for women's ills, it has no equal. Try it. Price \$1.00.

SUPPORT FOR THE TOMATOES

One Shown in Illustration, Used for Several Years Has Given Entire Satisfaction.

The illustration herewith shows a tomato support that I have used several seasons with much satisfaction, as it takes so little time and trouble to place it, and performs its office so perfectly," writes Henry C. Little of Massachusetts in the Rural New Yorker. All that is required is three stakes 2 1/2 feet long and one inch or more square, sharpened at one end, and notch cut on one side at the other, just sufficient to hold the hoop up, and two barrel hoops of different sizes; a sugar barrel hoop and a flour barrel hoop work well, or hoops from

Tomato Support.

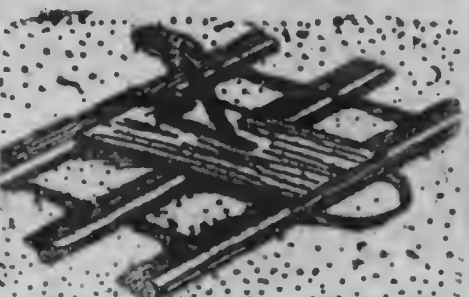

end and middle of flour barrel. Drive the three stakes on a slant on a circle around base of plant as much smaller than the smaller hoop's diameter as the difference in diameter of the two hoops. Place the larger hoop in place, in the notches on top, and then press in the smaller one till all is taut. At end of season I make a bundle of all the stakes, and another of the hoops; and hang up out of the way till wanted the next season. Mine have been used five seasons, and are still good.

POLE DRAG IS SERVICEABLE

Next Best Implement Where One Does Not Possess Land Roller—Easy of Construction.

If you don't possess a land roller, the next best thing is a pole drag. The one shown in the cut is better than a roller for leveling and pulverizing the soil. It is composed of three hardwood poles 6 inches through and 7 feet long, writes Fred O. Selby in the Farm and Home. They are fastened together about 2 feet apart by means of short pieces of chain.

To hold the seat a piece of board is bolted to the middle of the first pole and allowed to extend slightly

A Serviceable Pole Drag.

beyond the last one. On top of this an old mowing machine seat is fastened, and the arrangement is such that while the seat is held in place the poles may work independently of each other. As the seat is bolted to the board, it can easily be removed, making the implement much easier to house when not in use. The drag should be drawn by a short piece of chain attached to the center of the first pole, as is indicated.

Good Roads & Farm Notes

It's the stray cocklebur that seeds the field for next year.

Never hoe or cultivate beans when the vines are wet with dew or rain.

A heavy crop of weeds will check the growth of the clover a great deal.

Blood meal is rich in protein, peas are much richer in protein than corn.

Corn planted to secure a large yield of ears makes the most valuable silage.

The seedling of rape and turnips in corn has become an established practice.

Sow some clover; if nowhere else, sow in corn after the cultivation is over.

Alfalfa will grow on nearly all good, well-drained soils, but best on a rich, sandy loam.

The only good way to shock grain is in round shocks with one or two cap sheaves on top.

Pick cucumbers often and clean. If permitted to mature and make seed, the productiveness of the vine stops.

Hoe, cultivate or rake the soil about once a week. Thus weeds will be killed before they have a chance to grow.

The sand vetch is smaller and more recumbent than the common vetch, and has been tested but little in this country.

Cypress is said to be the best material for wooden silos, as it possesses unusual weather and water resisting qualities.

Bear in mind that corn fodder, or fodder corn, must not be cut early or it means a loss of a large part of its feeding value.

One lesson that the short hay crops of the past seasons have taught us is that a crop of hay can be raised along the roadside where weeds had their home before.

One of the Number of Metcalfe's Exclusives

This is a cut of Metcalfe's new Prosperity Shaper, which is going such a long way in decreasing the irritation of men folks' necks and tempers, by letting all fold collars be so ironed that tie slides well in collar, and collars are given nice, smooth, oval edge. It is utterly impossible for a collar to crack or break in our laundering process. Our shirt department is one which we feel proud of; not only is work done right, but the shirts are put in Sanitary Covers. Our Dry Cleaning department is in the hands of skilled workmen.

We have flowers for all occasions. Remember that if you buy or contract for \$10 worth of coupon books, and take one during August and another when the Avalon is finished, the profits from the business, and more, go into the Avalon, a place of pleasure for Hopkinsville and surrounding country people.

FOUNDED BY AN ENGLISHMAN

Americans Owe Smithsonian Institution at Washington to Gold of Disgruntled Britisher.

British gold built the Smithsonian institution at Washington. James Smithson, a disappointed and disheartened nobleman, the natural son of the duke of Northumberland, made his will in 1826, and in it he bequeathed all his property to his nephew, Henry James Hungerford, providing that it should go to his children, whether legitimate or illegitimate, but containing a further clause in which it was stated that if he died without issue, or if his children died under the age of twenty-one or intestate, then the whole of his property, subject to a small annuity to a faithful servant, should go to the United States "to found at Washington, under the name of the Smithsonian institution, an establishment for the increase and diffusion of knowledge among men." Smithson died in 1829, and his nephew died six years later at Pisa, leaving no heirs. President Jackson declared he had no authority to receive the money and referred the matter to congress. The necessary authorization was recommended by both the senate and house committees, but was not passed by the two houses until after a bitter debate.

LIGHTNING IN THE TROPICS

Most Deadly on Madagascar Island Where Three Hundred Deaths Yearly Are Recorded.

Thunderstorms never occur in the Arctic regions. Nearer the equator the more severe are the electric manifestations.

In certain parts of Africa the average run of thunder storms is 250 days a year, yet there are some very curious exceptions. In Sumatra and Java, both very hot climates, there are only 92 storms yearly, and in Borneo only about 50. The Gold Coast of Africa has only about 60 a year, which is far less than occur in Florida, though the latter country is outside the tropics.

In Java there is a thunder storm every day for five months. Perhaps the most astonishing fact in regard to thunderstorms is that the island of Mauritius, which is only 550 miles east of Madagascar, has on an average only one thunder storm in eighty years.

Yet in Madagascar the lightning is more destructive than anywhere else in the world, the annual number of deaths being more than 300.

"ROPE" HORSESHOES.

The manufacture of "rope" horseshoes in Germany is now a flourishing business and all who have used the new invention are highly pleased with it. The shoe is described as light and comfortable for the horse, that they prevent horses from slipping, and that they break the concussion and deaden the sound of the hoof. In addition to the plain tarred rope horseshoes there are shoes in which rope interwoven with wire, wood, rubber, copper, wirework and rush is used. These are heavier and somewhat more expensive and less practical than the plain rope shoes, and, therefore, have not become so well established.

WORN OUT.

"Here's the phonograph I bought two months ago. I'd like to exchange it for a new one and pay the difference. What can you allow me on it?"

"I'm afraid I can't offer you very much for this machine. It's in bad condition. How in the world did you get it such shape in two months?"

"You see, I've been using it in an effort to keep my wife from talking all the time."

SOARING KIND.

"They tell me Maude's admirer is a young man of high ideals."

"Yes; I understand he aims to break the aviation altitude record."

NATURALLY.

"Don't you always feel sorry for the under man?"

"Sure, if they can't get the car from off him."

STILL HOPE.

A Magazine Which Never Disappoints.

Lippincott's can always be relied on for good fiction—fiction which is not only clever in form, but which—a vastly more important item—touches live sentiment. The October issue is noteworthy in several respects. For one, it contains a complete novelette of swift movement and compelling interest, by a famous British author, H. B. Marriott Watson, whose books, "Hurricane Island," "The Big Fish," and a dozen more, have won him deserved success on both sides of the Atlantic. His new story, "The Piaroon," describes the surprising things that happened to an audacious, resourceful young yachtsman who believed in taking "short cuts" when he wanted anything. In this instance, he gets what he desires, although he has to surmount many formidable obstacles first. The heroine is a Countess as well as an extremely nice girl, and we don't in the least blame the hero for seeking to win her, although we may not altogether approve of his viking-like methods.

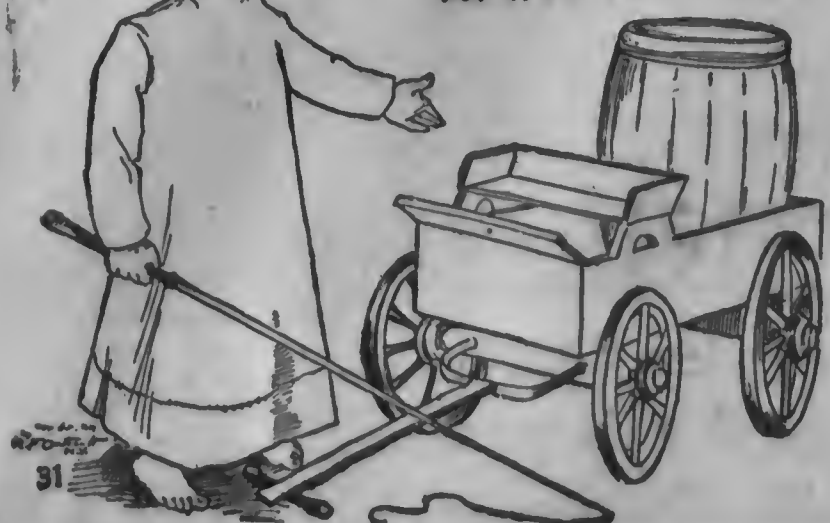

Miss Pursley Becomes Bride.

Miss Agnes Pursley, who has been conducting a millinery store at Victor, Colo., for three years, was married a few days ago to Mr. George Wayland, of Victor. The bride is a daughter of Mr. John W. Pursley, of this city, and was reared near Cerulean. She recently visited relatives here and in Trigg county.
